

Ocean Craft

OceanCraft

Context of the project

- Saving our Oceans!
- Only 9% of plastic is recycled.
- Reducing plastic pollution in our oceans.
- Conserving marine life.

Project objective

- Convert awareness in to action!
- #Bethebiggerpicture
- Educating our children to recycle.
- Reuse plastic from bins.

Prototype to realise

- App prototype.
- Animation
- 3D printed bin.

Development Stage

- Research on smart technology.
- Logo designed.
- Sketch plan of the bin and app.
- 3D printed bin in progress

What needs to be done

- App prototype.
- Technical drawings.
- Financial aspect.

Who could be helping us?

- Background in engineering and drawing.
- Coding skills.
